

## **PTCC-2017 - PICTORIAL #2 — CIRCLES**

**GROUP AA – Feb 15, 2017**

*12 IMAGES FROM FOUR MEMBERS*

---

### **01 - Cinnamon Swirl Breakfast.jpg**

*Changing the perspective of your shot would create an interesting view. Try and take shots from all different levels and see if you can get different angles of the same subject.*

### **02 - Circles in Circles.jpg**

*Great pattern and textures. Monotone colors are pleasing.*

### **03 - Empty Pizza Pan.jpg**

*Good job of shooting a different perspective. Continue practicing this. I would ask myself without knowing what the theme of the shoot was, would someone else look at this picture understand what the theme was?*

### **04 - Eye exam.jpg**

*There are circles everywhere. I like the use of black and white which helps emphasize the circles between light and dark shadows. Great job!*

### **05 - Farm Romance.jpg**

*Very Nice. The photo has a nice balance and texture.*

### **06 - Making Water Ripples.jpg**

*Cute photo. The eye goes to the little girl first. Circular ripples in the water are beautiful and secondary.*

### **07 - Mug Mania.jpg**

*Great use of patterns using the contest theme. Love the black and white. Wish we had more awards.*

### **08 - Ohhh.jpg**

*Could have saturated the colors just a little bit more to make them pop. Maybe even brought the exposure up a bit. Nice job.*

### **09 - Painted Apple X-Mas Decoration.jpg**

*Pretty painterly feel to the photo. The red apples pop against the green background.*

### **10 - Pipes.jpg**

*Excellent use of the contest theme. I like the different perspective of each pipe. Looks like it's coming right off one of the farm fields.*

### **11 - Salinas Valley wind power.jpg**

*Lovely photo . Good use of the rule of thirds. The shadow emphasizes the windmills circular shape. Also love the negative space. Nice job.*

**12 - The Squids Circle Dance.jpg**

*Nice use of colors and patterns. Pleasant to look at.*

---

**Winning Images:**

*With only 12 entries, awards are limited to the following:*

**1st Place: Eye Exam**

**2nd Place: Pipes**
