

PTCC - 2018 Nature 1

Returns 11-15-17

Group AA Comments

01 - Fishing by Moonlight.jpg

Wonderful shot with strong contrast between the white bird and dark blue water. I might want to lighten the water slightly as I think it's a little too dark.

02 - Lily Pads (Nymphaea) On a Quiet Pond.jpg

Good nature image. I'd like to bring out the lily pads somehow. I find the grasses in the front somewhat distracting.

03 - Roadrunner hiding out.jpg

Sharp detail of his head. I find the line going across his beak a little distracting. I'd probably crop it tighter.

04 - Snow Geese (Chen caerulescens) - Sacramento Delta.jpg

Great image with the reflections. The geese stand out nicely against the dark water.

05 - Sugar Maple red leaf.jpg

Well done image.

06 - Yosemite Half Dome.jpg

It's hard not to take a dramatic photo with a subject like this. Unfortunately there is much competition out there. You need more exciting weather to run with the big dogs as it's too nice a day. I would have included Bridal Veil Falls to the right if there had been water as it's more interesting than all of El Cap.

07 - Yosemite Oak Tree Bark.jpg

Intimate landscapes are great. The textures here make the shot.

08 - Young Red-tailed Hawk.jpg

Good capture against a contrasting background. I think it could be a tad sharper and cropped tighter.

Winning Image
