01 - COPA convention 2018.jpg

Excellent--meets all criteria for photojournalism: informative, journalistic value, emotional impact, tells a story and is newsworthy.

02 - Ecosensitive weeding Toro Park.jpg

Interesting photo, but by itself, without explanation, it does not have a lot of photojournalistic value.

03 - Super bloom in the desert .jpg

Weather and this spring's super bloom is a newsworthy topic. This image captures it very nicely.
