01 - Broken Conveyor Belt Parts.jpg

Amy Sibiga

Good composition, balance of contrasts and shapes, a bit skewed. ***

02 - Engine 1285.jpg

Dale Thies

Balanced composition but no real clarity especially in the dark center. **

03 - Extra cheese please.jpg

Dick Light

Great composition, nice play of foreground focal point and background. ****

04 - Iconic Machine.jpg

Charlie Gibson

Nice use of textures and shapes, balanced but the top of the machine gets lost in the busy background. **

05 - No Battery Required.jpg

Dick Light

Nice close up of a small machine, simple but effective, balance, sharpness, depth- all good. ***

06 - One Scary Machine.jpg

Charlie Gibson

Great shot, the machine comes alive with great touches of red. Sharp, balanced, scary.

07 - Strawberry Mover.jpg

Amy Sibiga

Hard to make this an interesting shot, but the driver and the angles cause tension that works. ***

08 - Time for a tune up.jpg

Dale Thies

Fabulous photo! Beautiful composition, depth, story, the cropping works surprisingly well. *****
